

Stage 3- MANDATORY CONSERVATION MEASURES

1. Using water on outdoor landscape in a manner that causes runoff onto adjacent property, private or public walkways, roadways, parking lots or structures is prohibited.
2. Using a hose that dispenses water to wash a motor vehicle without a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately is prohibited.
3. Using water to rinse or wash driveways and sidewalks is prohibited.
4. Using water on outdoor landscapes during and within 48 hours after a measurable rainfall is prohibited.
5. Watering turf (grass) on street medians is prohibited.
6. Limit watering of outdoor ornamental landscapes or turf to no more than 5 minutes per station, 3 times per week. Water efficient sprinkler systems (i.e. drip irrigation) which cannot adequately provide enough water to the landscape in 5 minutes are given an exception for an additional 15 minutes as long as there is no runoff.
7. Watering shall be prohibited from 8:00 a.m. to 5:00 p.m. (Monday-Sunday), no more than 3 times per week of any yard, orchard, park, golf course, recreational area, or other area containing vegetation with the following exceptions:
 - a) Hand watering trees shall be allowed by any means and at any time of the day provided that:
 - 1) The watering shall be confined to the area within the drip line of the tree.
 - 2) The water is applied by means of a hose equipped with an automatic shut-off nozzle.
 - 3) There shall be no run-off as a result of hand watering.
 - b) The irrigation of plant material within commercial nurseries shall be allowed at any time of the day provided that:
 - 1) The water is applied only to one plant or container of plants at a time; and
 - 2) The water is applied by means of a hose equipped with an automatic shut-off nozzle.
 - 3) There shall be no-runoff as a result of hand watering.
8. Restaurants, hotels, cafes, cafeterias, bars or other public places where food and drink are served and/or purchased cannot serve water to the customer unless specifically requested by the customer.
9. Operators of hotels and motels must notify their customers of the option to not have towels and linens laundered daily.
10. All water users must conserve in accordance with the water suppliers mandated water conservation tier established by the State. As of November 2021, Glendora has been assigned a 20% reduction compared to 2020.

A first violation will result in a written notice and requirement to schedule a compliance inspection within 10 days of the violation. Subsequent violations in the same 12 month period are subject to fines of \$150, \$250 and \$1,000 respectively. The \$1,000 fine shall be punishable as a misdemeanor.

Should you have any questions regarding these Mandatory Measures, please contact the Water Division at (626) 852-4838.

WATER IS LIFE - USE IT WISELY

Thank you for conserving.
